

# NO STOMACH PAIN, GAS, INDIGESTION IN FIVE MINUTES

"PAPE'S DIAPEPSIN" IS THE  
ONLY REAL STOMACH  
REGULATOR KNOWN.

"Really does" put bad stomachs in order—really does overcome indigestion, dyspepsia, gas, heartburn and sourness in five minutes—That's just that—makes Pape's Diapepsin the largest selling stomach regulator in the world. If what you eat ferments into stubborn lumps, you belch gas and eructate sour, undigested food and acid; head is dizzy and aches; breath foul; tongue coated; your insides filled with bile and indigestible waste, remember the moment "Pape's Diapepsin" comes in contact with the stomach all such distress vanishes. It's truly astonishing—almost marvelous—and the joy is its harmlessness. A large fifty-cent case of Pape's Diapepsin will give you home hundreds of dollars' worth of satisfaction or your druggist hands you your money back. It's worth its weight in gold to men and women who can't get their stomachs regulated. It belongs in your home—should always be kept handy in case of a sick, sour, upset stomach during the day or night. It's the quickest, surest and most harmless stomach regulator in the world.

## LOOK AT CHILD'S TONGUE IF SICK CROSS, FEVERISH

WHEN CONSTIPATED OR BILIOUS  
GIVE "CALIFORNIA SYRUP  
OF FIGS."

Look at the tongue, mother! If coated, it is a sure sign that your little one's stomach, liver and bowels need a gentle, thorough cleansing at once.

When peevish, cross, listless, pale, doesn't sleep, doesn't eat or act naturally, or is feverish, stomach sour, breath bad; gas, undigested food and sour bile gently moves out of the little bowels without griping, and you have a well, playful child again. You needn't coax sick children to take this harmless "Fruit Laxative," they love its delicious taste, and it always makes them feel splendid.

Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has directions for babies, children of all ages and for grown-ups plainly on the bottle. Beware of counterfeiters sold here. To be sure you get the genuine, ask to see that it is made by "California Fig Syrup Company." Refuse any other kind with contempt.

# INTERESTING WESTERN AT ALL STAGES OF LIFE

Officers Elected By Washington County Medical Association

Piano Recital By St. Michael's School Pupils—Rare

Book For Library—Rev. A. H. Robinson Called to

Cleveland Church.

The Rhode Island State Firemen's league, with which the Westerly fire companies are affiliated, held their annual meeting in Providence Wednesday night, when officers were elected as follows: Frederick H. Clark, of Lippitt, president; David Robertson of Westerly, second vice president; George Merrill of Pawtucket, third vice president; George Hunt of Providence, fourth vice president; John H. P. Burdick of Wickford, fifth vice president; Frederick W. Cady of East Providence, secretary-treasurer; William R. Courie of East Providence, George E. Shearn of Crompton, John H. Sullivan of Wakefield, William E. Dieton of Westerly, tournament committee; George Hunt of Providence, commissioner of firemen's relief fund. There were 80 delegates present, representing 31 organizations. The report of the treasurer showed a balance in the treasury of \$108.61 and all bills paid. The Central Volunteer company, of Warren, was admitted to membership.

The diary of Manasseh Miner, of Stonington, Conn., covering the period from 1696 to 1720, and published by Frank Denison Miner with the assistance of Miss Hannah Miner, the edition being limited to 150 copies, is just from the press and a copy has been secured by the Westerly Public Library. Manasseh Miner was sixth son of Thomas Miner and wife, Grace Palmer. He was born in New London, April 23, 1647, and died in the Caulkins history, "the first born male of that town" and "the first son of the town admitted to the privileges of an inhabitant" (February 28, 1707) and "was the child of the soil." The diary of Thomas Minor, of Stonington, 1693 to 1694, was prepared for publication by Sidney H. Miner and George D. Stanton, Jr., and published in 1899. Throughout this diary the father makes frequent mention of his son, sometimes written Manasseh. It is quite probable that after the death of Thomas Minor, in 1690, his son Manasseh, in reading over his father's diary, covering so many facts in the early history of the community may have considered it his duty to continue the record as long as possible.

Division No. 1, Ancient Order Hibernians, elected officers as follows at its recent meeting: Walter Fitzgerald, president; Patrick J. Lynch, vice president; Martin Devine, financial secretary; John M. D'Arcy, recording secretary; James Shea, treasurer; James Donohue, sentinel; John A. Shea, sergeant-at-arms; Rev. Lawrence J. Kelley, chaplain; William J. Smith, trustee for three years.

John Long, whose funeral was held Wednesday in Gloucester, was 89 years of age, and one of the oldest residents of the place. Mr. Long was born in Wiltshire, England, with his wife and daughter, came to this country in 1853 and settled in Centerville. After some years the family moved to Westerly and resided in Chepachet. He was a lumberer by occupation and worked in the Chepachet mills until he became enfeebled by age. He is survived by his wife, one son, fourteen grandchildren and nine great-grandchildren.

Rev. Alon H. Robinson, of Newton Centre, Mass., who resided in Westerly thirteen years ago, when his father was pastor of the Church of the United Brethren in Christ, of the First Unitarian church, Avondale, Cleveland, Ohio. He will preach for the first time from his new pulpit next Sunday. The installation services are planned tentatively for Sunday, February 13, with Rev. Samuel A. Elliot, president of the American Unitarian association, as the principal speaker.

Charles W. Willard of Westerly, president of the Rhode Island Fisheries commission, has urged Congress to support an appropriation for the artificial propagation of lobsters, based on the results of experiments in such propagation made by the Rhode Island commission. Lobster experts in convention at Woods Hole, last week, adopted resolutions in praise of the work of lobster propagation in Rhode Island.

These pupils of St. Michael's convent school gave a piano recital Wednesday evening: Marion Collins, Agnes Bradock, Edith Ellis, Teresa Fallon, Margaret Fishwick, Margaret Fitzgerald, Bertha Frye, Helen Frye, Mary Kiernan, Madeleine Higgins, Mary Lee, Fontaine Mary Lord, Julia Lombardo, Margaret McGuire, William McLaren, Anna Moran, Irene Murphy, Marion Purtil, Mildred Purtil, Hannah Smith and Sadie Vincent. The program included these numbers: "Traviata, Verdi; Polonaise, Chopin; Caprice, Mendelssohn; Sonata Op. 49, Beethoven; Seven Sketches, Virgil; Fairy Circle, vocal, Spaulding; Concerto in D Minor, Mendelssohn; Valse in E flat, Durand; Capriccio, Virgil; To Spring, Grieg; Second Mazurka, Godard.

At the annual session of the Washington County Medical Association, Thursday morning, at the Colonial club, Westerly, these officers were elected: Dr. E. J. Eiter, of Wakefield, president; Dr. A. S. Briggs of Ashaway, first vice president; Dr. W. C. Pagan, of Westerly, second vice president; Dr. W. H. Gardner of Pawcatuck, secretary-treasurer; Dr. S. C. Webster, of Westerly, auditor; Dr. H. Metcalf, of Wickford, censor for three years; Dr. K. K. Gardiner, of Wakefield, delegate to Rhode Island Medical society for two years; Dr. Russell B. Smith, of Westerly, councillor for three years. Papers were read by Dr. A. A. Barrows on "Experiences in France with the Second Harvard Unit" and by Dr. R. Robinson on "Report of Case of Paratyphoid-Tetanus."

At the midweek prayer meeting of the First Baptist church in Westerly, resolutions concerning the death of Rev. William L. Swan were adopted. Rev. Mr. Swan was pastor of the church for nine years, resigning about ten years ago, and became a Christian Scientist. He died suddenly recently in Providence and was buried at Norwalk.

With the agreement that they would not be candidates for reelection to the general assembly, Governor Beesickman reappointed Abram L. Atwood to the state board of education, and Oscar A. Bennett to the board of control and supply, for terms of five years. Senator Louis W. Arnold of Westerly is a member of the state board, whose term of office expires January 31, 1919.

RECOVERY OF BODIES  
OF SLAIN AMERICANS

Story of a Newspaper Man Who Was on the Relief Train.

El Paso, Tex., Jan. 13.—This story of the recovery of the bodies of the 18 Americans slain near Chihuahua was told here today by a newspaper man who was on the relief train:

"Almost the whole foreign population of the Mexican Northwestern terminal Monday evening to await the return of the train which had left the same morning to take the officials and men out to start work in the mines. Unconfirmed reports had been received that the fate that had befallen them and the Mexicans who were allowed to return unharmed had fully verified the old news.

Some Ran, But They Are All Dead.

"We saw them ordered off the cars and then the shooting began," they said. "Some ran, but they are all dead. The Villistas told us to go back home and tell the Carranzistas to send some troops out for them to get to work on."

"The foreigners hastened back to the club to await the result of an interview between Captain Scoville, the British consul, at present representing American interests, and the Carranzistas, Mr. Letcher, and General Trevino.

"The general promised to send out a troop train early in the morning. He gave permission for all foreigners who had been ordered to leave to assist in recovering the bodies. A number volunteered and later assembled at the Mexican Northwestern depot.

"We waited from seven to 8 p. m. Tuesday for the soldiers to entrain their horses and then go into a small following train of three box cars and a caboose. It took us an hour to get to Santa Ysabel, about 35 miles, and five miles short of the scene of the massacre.

Ten Soldiers on Relief Train.

"The sun was getting low and we realized that if we did not complete our task we might not get the bodies away. We finally got Colonel Garcia, in company with the troops, to put in soldiers in our train and permit us to go ahead. A mile from the scene of the tragedy we were stopped by two ex-Mexican soldiers who urged us to reverse the engine, and we moved back to Santa Ysabel.

Bandits Were Awaiting.

"We were found that the two men had been part of the train crew of Watson's train and had been held prisoners, and that the troops, presumably bandits, were just over the hill awaiting us.

"Presently their advance guard topped the rise and waited there, leisurely counting our force.

"We finally phoned the colonel to give us 60 mounted men to go with us abreast of the train, on which we had now moved two machine guns.

"Bodies Were Stripped.  
"We got to the scene of the tragedy just as the sun set. As the train came to a standstill we could dimly see the wrecked train that had halted the Watson train, and then our eyes fell upon a pile of bodies that showed up against the rocky cut. Heaped in a pile were 14 bodies, stripped of all clothing but their under-shirts. Some of them were covered with many holes, while without exception the features were so disfigured by the shooting that identification was difficult. Without exception all the blankets to carry the dead into the car.

"When they were all loaded our escort started back. We only moved a few yards when the engine left the track; nearly an hour later we had it back on.

Found All Wires Down.

"We got to Santa Ysabel about 9 o'clock that night, to find all wires down. We feared that they had been cut by Villistas, who might be planning an attack upon us. We had a consultation and finally secured permission to proceed to Chihuahua City, where early in the morning a committee took charge of the bodies.

Train Loaded of \$20,000 in Silver.  
"The train had been loaded of \$20,000 in silver and currency apart from the personal belongings of the men. It was rumored in Chihuahua City that the bandits had been advised of the departure of the train with the money. Sixteen thousand dollars of the cash had belonged to Watson."

## The Woman's Medicine. Good for All Ages. Mrs. Harold Smith's Experience.

Clarkburg, W. Va.—"I am writing to tell you the good your medicine has always done me and I hope my letter may be the means of helping some other suffering woman. When I was 16 years old I caught cold and had suppression for two months. I got so weak I could scarcely drag myself up the stairs. I went to two doctors, then my mother got a bottle of Lydia E. Pinkham's Vegetable Compound and I took it. I never had any more trouble and got strong fast. Then I took it again before my little girl was born and it helped me a good deal and I gave the Compound the credit for it. Then this spring I felt very badly again, but I took the Compound and have been well all summer. I cannot be grateful enough for your medicine."

RETRIAL OF FORMER N. H. DIRECTORS ORDERED

Announcement Made by Attorney General Gregory Last Night.

Washington, Jan. 13.—Retrial of five former directors of the New Haven railroad under indictment for conspiracy to violate the criminal provision of the Sherman anti-trust law was ordered tonight by Attorney General Gregory. William J. Rockefeller, Lewis Cass, Edward M. Robbins, Charles F. Brook and Charles M. Pratt are the five in whose cases the jury in New York disagreed last Sunday.

Mr. Gregory announced at the same time that the cases against George F. Baker, Theodore N. Wall, Lewis Cuyler, Francis T. Maxwell, Edward Miligan and Alexander Cochrane, indicted on the same charge and granted separate trials, would be dismissed.

The date on which the government will seek to begin the new proceedings was decided today, but it is believed there will be little delay. New indictments are not necessary. The attorney general announced the dismissal of the department in the following statement:

"As heretofore stated by Mr. Battis, the defendants with respect to whom the government has sought to add to the indictment, Edward D. Robbins, William Rockefeller, Charles F. Brook and Charles M. Pratt, will be re-tried."

"We waited from seven to 8 p. m. Tuesday for the soldiers to entrain their horses and then go into a small following train of three box cars and a caboose. It took us an hour to get to Santa Ysabel, about 35 miles, and five miles short of the scene of the massacre.

EXPLANATION OF PASSPORT EXACTATIONS BY BRITISH

Object is to Prevent British Subjects from Evading Conscription.

London, Jan. 13, 5:40 p. m.—The announcement which the American embassy gave last night to London newspapers to the effect that hereafter applications for passports which had any reason to suppose would be turned over to Scotland Yard, caused considerable feeling in the colony here. When this was brought to the attention of the embassy today, regret was expressed for what was termed an unfortunate misunderstanding.

BRITISH STEAMER GLENGLYE TORPEDOED WITHOUT WARNING

Steamer Taina Escaped Submarine by Speed and Clever Manoeuvres.

London, Jan. 13, 10:30 a. m.—The British steamship Glenglye, sunk in the Mediterranean on January 2, was torpedoed without warning, according to a Havas despatch today from Marseilles.

The same despatch reports that the steamer Taina, which arrived at Marseilles from Philippines, escaped on the second time from a submarine by speed and clever manoeuvres.

Captain Chester of the Glenglye and twenty men of the crew were picked up by the steamer Mosouil, the despatch adds, while three Englishmen of the crew and seven Chinese were lost.

The sinking of the Glenglye was reported in a dispatch on January 2, when it was stated that of about 120 persons on board, passengers and crew, all with the exception of the three Englishmen and seven Chinese were landed and that it was not believed any Americans were on board. The Glenglye was bound from Shanghai for London.

Doctor Says Nuxated Iron Will Increase Strength of Delicate People 200% in Ten Days

In many instances—Persons have suffered untold agony for years doctoring for nervous weakness, stomach, liver or kidney disease or some other ailment when their real trouble was lack of iron in the blood—How to tell.

New York, N. Y.—In a recent discourse Dr. E. Sauer, specialist of this city, said: "If you were to make an actual blood test of all people who are ill you would probably be greatly astonished at the exceedingly large number who lack iron in the blood. It is for no other reason than the lack of iron. The moment iron is supplied all the multitude of dangerous symptoms disappear. Without iron the blood at once loses its power to change food into tissue and therefore nothing you eat does you any good; you don't get the strength out of it. Your food merely passes through your system like corn through a mill with the rollers wide apart that the mill can't grind. As a result of this continuous blood and nerve starvation, people become generally weakened, nervous and all run down and frequently develop all sorts of conditions. One is too thin; another is burdened with unhealthy fat; some are so weak they can hardly walk; some think they have dyspepsia, kidney or liver trouble; some can't sleep at night, others are sleepy and tired all day; some are fussy and irritable; some are skinnier and bloodless, but all lack iron in the blood. It is the wonder of wonders that only by your taking vital stimulating medicines or narcotic drugs, which only whip up your fading vitality powers for the moment, may be at the expense of your life later on. No matter what any one tells you, if you are not strong and well you owe it to yourself to make the blood test. See how long you can work or how far you can walk without becoming tired. Next take two five-grain

tablets of ordinary nuxated iron three times a day after meals for two weeks. Then test your strength again and see for yourself how much you have gained. I have seen dozens of nervous, run down people who were ailing all the time double and even triple their strength and endurance, and entirely get rid of their symptoms of dyspepsia, liver and other troubles in from ten to fourteen days' time simply by taking iron in the proper form. This after they had in some cases been doctoring for months without obtaining any benefit. You can talk as you please about all the wonders wrought by new remedies, but when you come down to hard facts there is nothing like good old iron to put color in your cheeks and good sound, healthy flesh on your bones. It is also a great nerve and stomach strengthener, and the best blood builder in the world. The only trouble was that the old forms of inorganic iron like tincture of iron, iron acetate, etc., often ruined people's teeth, upset their stomachs and were not assimilated and for these reasons they were of little benefit. But with the discovery of the newer forms of organic iron all this has been changed. One is too thin; for example is pleasant to take, does not injure the teeth and is almost immediately beneficial.

NOTE—The manufacturers of Nuxated Iron have such unbounded confidence in its potency that they authorize the announcement that they will forfeit \$100,000 to any charitable institution if they cannot take any man or woman under 60 years who lacks iron and increase their strength 200 per cent. over in four weeks' time, provided they have no serious organic trouble. Also they will refund your money in any case in which Nuxated Iron does not at least double your strength in ten days' time. It is dispensed in this city by Chas. Osgood Co. and all other druggists.
